Performance Videos

Acts will need to create 1-3 performance videos for the contest, depending on how many rounds for which they qualify. For the videos to be available for voting, they must be posted in a virtual location with a URL (address) to be shared with the Osmos Vote site. Options to achieve this include (but are not limited to) YouTube or Vimeo, however, YouTube is preferred. This screenshot may be helpful if you are using YouTube, to show you how to make the video setting unlisted if you prefer it not to be available in online searches.
